<sup>1</sup>An unduplicated total of households assisted cannot be derived from these data because the same households may be included under more than one type of assistance.

<sup>2</sup>Includes households that received combined heating and cooling assistance in Arizona, California, Florida; households that received energy assistance in Hawaii without differentiation between heating and cooling assistance.

<sup>3</sup>Total includes crisis households that received expedited heating assistance in Maryland, Massachusetts, and New Hampshire.

<sup>4</sup>Includes 1,814 households that received expedited heating assistance payments for home energy crises.

<sup>5</sup>Includes 212 households which received emergency furnace repair or replacement.

<sup>6</sup>Includes households assisted by the Affordable Heating Assistance Program.

<sup>7</sup>Includes households assisted by the Preventative Assistance Program and by the Winter Care Program.

<sup>8</sup>Winter crisis assistance provided through an expedited or fast-track emergency system as part of the State's heating assistance program.

<sup>9</sup>Includes 7,315 one-and two-person households assistance by *Stripper Well* funds.

<sup>10</sup>Includes 3,869 households that received energy intervention unit services, and may have received a benefit under other crisis assistance components.

<sup>11</sup>Households eligible for heating assistance may receive assistance in the summer to repair a faulty furnace.

<sup>12</sup>Heating and cooling assistance benefits were split in half for Southern Nevada households that filed a single LIHEAP application. Income data not available for 190 households.

<sup>13</sup>Includes 7,292 AFDC households which received assistance through energy crisis payments, using Title IV-A and energy crisis intervention services funded by LIHEAP. Excludes 1,510 households that received crisis assistance with LIHEAP leveraging incentive funds as they also could have received crisis assistance.
